What Sets You Apart:

- Proven leadership in a boutique, design-led, or high quality/aspirational hotel/hostel environment, where detail, guest satisfaction, and aesthetics mattered as much as operating efficiency
- Strong communicator, with ability to inspire and coach your team, develop talent, and foster a culture of care, respect, and mutual support
- Deep sense of ownership with great eye for detail. Rooms, public spaces, textiles, surfaces, scent, lighting, presentation
- Creative problem solving when guest expectations shifted, or when small touches made big differences
- Strong organisational and procedure skills to help create efficient systems for linen, supplies, inventory, scheduling, standards, inspections
- Experience with health, safety, and sustainability practices.

Key Responsibilities:

- Lead the daily housekeeping operations and directly manage a team of 8–12 housekeepers, ensuring every guest room and public area reflects Roberta's Society's high standard of design, cleanliness and comfort
- Build, manage, train and motivate the team, setting clear standards, feedback loops, and opportunities for growth
- Maintain and refine processes for cleaning, linen handling, supply procurement, stock control, uniform care, and inventory management
- Carry out regular inspections and immediately resolve any shortfalls. Focus both on function and guest perception
- Drive sustainability and environmental best practices in housekeeping (waste reduction, responsible product choices, energy usage etc.)
- Work closely with design, maintenance, operations, and guest services teams to ensure seamless standards across the property; handle guest feedback related to cleanliness swiftly and kindly
- Manage budget responsibility for housekeeping: supplies, staffing and maintenance

What We Offer:

- A chance to strengthen and shape a brand that has already established itself as a cultural hub in Aarhus
- The opportunity to manage, develop, and lead a core team of 8–12 dedicated housekeepers in a collaborative, supportive environment
- A workplace where your impact is visible: small touches matter; guest feedback & reputation depend directly on your work
- A creative, collaborative team in a property that mixes art, culture, and activities. You're not just managing rooms, but contributing to a living atmosphere
- Competitive compensation and benefits aligned with leading hotels in Aarhus.
